#### Reciprocity

And What it Will Mean to the People of this Great Country and Canada.

In presenting the prospective benefits of the reciprocal trade agreement between the United States and Canada, says the New York World, it is necessary to consider that under the present tariff law many of the duties have been wholly prohibitive. The present amount of importation or the present nedium of the custom-house is, except in a few instances, no index to the future trade in any particular article or com-

into the United States, must in the im-

ditions between the United States and erel, eels, smelts, halibut and herring; Canada which the agreement ratified by 17,085,091 pounds of cod, haddock, hake the bill passed Saturday will put into and other dried, smoked and salted fish, and 10,000,000 pounds of salted and The question then is, What will reci- smoked mackerel and herring, at a rev-

CUTTING MUST BE WELL DONE

First Preliminary Be in Any Way Neglected.

とうとうととうとうとうとうとうと The proof of good dressmaking is in good cutting. If a dress be well cut Murray Smith have returned from an you will have no trouble at all about putting it together. These few hints from an experienced dressmaker may, therefore, be of service to the amateurs among readers.

When you are cutting out a skirt always allow plenty of turning around horoughly. They were out on a purely the waist and hips, and remember that pleasure trip, and saw many Madison if your hips are large in proportion to ounty people who are doing well in your waist it is best to get a pattern heir adopted homes in the west. waist rather than one that just fits. It is easy then to take the goods in at

Robert Walker, Edgar Doty and Rue be told on the pattern to place one Duerson have all won money in the side to a selvedge it is advisable to saddle and show horse ring. Lord use rather your own common sense Bourbon, owned by Mr. Doty is looking and, as a rule at least, to cut each side slightly on the bias. If this is done the joining place is not nearly so noticeable as if one side is on the bias and the other on the straight.

Before cutting out sleeves always double your material and cut the two together. Then you are bound to cut them right and they will match prop erly. If the material be striped see that the stripes come directly over one another. Pin the material to make sure, as nothing looks worse than two sleeves, the stripes in one of which do not match those in the other.

With these ideas, and others which be given in the future on this page. any one with an elementary knowledge of sewing and a supply of up-to-date patterns should be able to do her own dressmaking in the simplest blouses and frocks, at least.

famous. Its new features make it even more valuable to the farmer. The following statement of a prominent Illinois dealer indicates the popularity of the Admiral and suggests the windom of investigation. "The Admiral 7s just a little bit the best Mower that ever went into the field. Farmers come in every day telling what a won-ferful machine it is. We would not buy anything else."

We want to show this up-to-date Mower to svery farmer in this locality.

No one who wants to keep posted on the newest in farm machinery will neglect to investigate the Admiral. It will surprise and delight you.
